

Inventory Management

- Inventory (Multi-brand, part codes, transfers, write-offs)
- Support same part code for multiple brands; view stock per brand/part.
- Categorize inventory for targeted sales efforts (developers get categories and item names only, not profit figures).
- Identify, mark, and push sales for up to 630 priority parts (figures managed internally).

Inventory Item / Footer

- footer(inventory item-line ,form defaults ,edit columns[add the column in item list and hide also] ,batch operation[from list], copy to clipboard, (size fitter)
 - > Form defaults→navigate new edit screen →update.
 - >Edit columns →open the edit column page .it have column names[check box type] it replicate the supplier list.
 - >Batch view →select the rows→navigate to print page(group of action)
 - >Copy to clipboard→copy.

[illegible]

Edit columns → open the edit column page .it have column names[check box type] it replicate the supplier list.

Item Code, Item Name, Description, Qty to Receive, Qty Owned, Average Cost , Total Cost , Control Account , Division, Sales Price, Purchase Price, Unit Name , Qty to deliver , Qty On hand, Qty reserved, Qty Available , Qty on Order , Qty to be available , Qty desired , Qty to Order, Timestamp, Valuation Method, Category .

The screenshot shows a web application interface for editing columns. At the top, there is a breadcrumb navigation bar with 'Inventory Items' and a search icon. Below this is a section titled 'Edit columns'. On the left side of this section, there is a vertical list of 20 items, each with a small icon and a text label. Each item has a checkbox next to it, and all checkboxes are currently checked. The items are: Item code, Item name, Description, Qty to receive, Qty owned, Average cost, Total cost, Control account, Division, Sales price, Purchase price, Unit name, Qty to deliver, Qty on hand, Qty reserved, Qty available, Qty on order, Qty to be available, Qty desired, and Qty to order. At the bottom of the list, there are two more items: Timestamp and Valuation method. Below the list, there is a green button labeled 'Update'.
